

Program for Feldborg Riddet 2017

Lørdag d. 25. marts 2017

"Grillpladsen," Bjørnkærvej, 7540 Hadeup

Welcome!

It's a pleasure to welcome you to Feldborg Forrest and our spring ride 2017.

This is also the first time we host an international CEI 2* ride and we are grateful for the big interest in both our CEI* and CEI** classes. It's to my knowledge the biggest CEI* class ever in Denmark!

The time of year is still mostly for warm clothes and hot drinks and warm food – if you bring the clothes we will make sure that you can by breakfast, sandwiches in ready-to-go packages, spaghetti Bolognese and hot soup in the afternoon and something to drink all day – hot and cool.

Hopefully the sun will shine and temperatures around 10 degrees. Right now a week before that is still the prognosis – so fingers crossed!

We hope that all – horses, riders, crew and spectators – will have a magnificent day in the forest - and the best possible beginning of the new season!

On behalf of the club VEST

Showground and loops

IMPORTANT information regarding riding in the forest!

All riders must ride in the grass in the middle of the road or to the right side over the road. Ride carefully and try to do as little damage to the road as possible, else we risk being unable to get another allowance to arrange the ride in the forest.

Riders must behave and show respect to other visitors in the forest – all bike-riders and pedestrians must be **walked by** only – no passages in trot or canter.

The forest has 4 roads that are open for motorized traffic and these are crossed several times. There is some traffic but normally not much on these. Before each crossing there will be a sign indicating the road to come – but awareness is the RIDERS responsibility!

It is STRICTLY forbidden to drive on road other than those open for motorized traffic (marked green on the map!) – doing so may lead to disqualification!

It is also FORBIDDEN BEFORE competition (Danish Legislation!)

All crewing is only allowed where the loops cross these green roads.

All crew-cars must have a crew car sign in the window with the number of the rider!

VIGTIG information vedr ridning i skoven

Alle ryttere skal ride i midten af vejen eller i højre side. Rid forsigtigt og forsøg ikke at beskadige vejen, ellers risikere vi ikke at måtte afholde stævne igen!

Rytterne skal udvise HENSYN overfor skovens øvrige gæster, cyklister og fodgængere SKAL passeres i skridt – IKKE i trav eller galop!

Skoven har 4 veje der er åben for biler, og ruterne krydser disse flere gange. Der er nogen men normalt ikke megen trafik på disse veje. Der vil være skilte der gør opmærksom på at du skal krydse en af disse, men det er RYTTERENS ansvar at være opmærksom!

Det er STRENGT forbudt at køre i skoven på andet end disse 4 veje! Du risikerer diskvalifikation af rytteren! Det er HELLER IKKE tilladt dagen før konkurrencen pga. dansk lovgivning

Det er tilladt at udøve hjælp hvor ruten passerer de ”grønne” veje – men kun her!

Alle hjælperbiler skal have et hjælperbilskilt i ruden med rytterens nr på.

Showground

The showground is a big green field in the forrest. It holds absolutely nothing but grass and trees – so everything we have to bring there! Water, electricity, WCs ect.

There will be a person responsible for parking – please respect the instructions given!

It is NOT allowed to drive into the resting area to unload equipment, by doing so you risk disqualification! ALSO NOT before competition!

Stævnepladsen er en bar grøn mark I skoven, uden vand el toiletter osv. Vi skal bringe ALT til pladsen. På pladsen vil der findes en til at guide for parkering. Venligst respekter de givne instrukser!

Det er IKKE tilladt at køre på marken vi bruger til vet/køl og hvil! Heller ikke før konkurrencen – du risikerer diskvalifikation!

Loops

The markings are big white signs (A4) with red (or blue or black) arrows.

Since the loops are arranged so, as to do as few as possible turns, there are long stretches without markings – here just remember to follow the road you are on, when you have to make a turn a marking will show you!

For the 39 km loop the little black loop passes a heavily trafficked road - this is a strict WALK area – there will be signs telling you where to start/stop walking – and people to guide you – but we are NOT allowed to stop the cars!

The footing is nice and mostly gravel and a grass, for the horse you might want soles since there are places which are stoney. At places there can be wet grass or amounts of fallen leaves - so be cautious

Water will be posted 3 places at the loops. They are marked with blue dots on the map.

Markeringerne består af A4 skilte med rød (blå eller sorte) pile på.

Fordi ruten er lavet så man opnår færrest mulige sving, så kan der være LANGE strækninger uden markeringer – her skal du ikke lade dig føre på vildspor – rid lige ud – der skal nok komme en markering når du skal dreje.

For 39 km ruten er der den bemærkning at det lille sorte loop passerer en voldsomt trafikkeret vej. Dette er en SKRIDT zone! Der er skilte ind og ud af zone og folk til at guide dig. Vi må IKKE stoppe bilerne.

Underlaget er godt, mest grus og græs, nogle heste vil have behov for såler idet der er passeager der er stenede. Nogle steder kan der være vådt græs eller nedfaldne blade så vær opmærksom.

Der vil være vand 3 steder på ruten – posterne er markeret på kortet med blå prikker.

Præmieoverrækkelsen afholdes efter alle klasser er afsluttet. Forvent det kan tage ca. en time at forberede præmieoverrækkelsen efter sidste rytter er i mål. Vi HÅBER at det kan være muligt omkring kl 19 Hvis ALLE ryttere i LA, LB og LC er i mål inden kl 17 – kan det være vi forsøger at afvikle præmieoverrækkelsen for disse tidligere (mellem 17 og 18 alt efter, hvordan den resterende afvikling af stævnet foregår). MA, CEI* og CEI** dog først efter ALLE er i mål!
